

GLASSLESS MIRROR PROJECTION GRADE CLEANING INSTRUCTIONS

OPTICAL CLEANING STEPS:

- 1) Blow with clean air—like ‘Dust-off’—included with OPTICAL MIRROR CLEANING KIT
- 2) Saturate one lint free cleaning cloth with Optical Cleaning Fluid. Cloth should be moist and not dry.
- 3) Fold cloth to make a pad in your hand.
- 4) With gentle, straight wiping motion, clean the mirror in one direction.
DO NOT SCRUB THE OPTICAL MIRROR IN A CIRCULAR MOTION ! ! ! ! ! ! ! ! ! ! ! ! !
- 5) While wiping, roll the cloth to expose new surface to prevent collected dust from scratching the optical mirror.
- 6) Each stroke should begin with refolding the cloth to a new surface and begin with Step 4.
- 7) Blow clean air to evaporate the liquid on mirror.
